

Bectu Reps Part 2

Case Handlers

Once a rep has completed Reps 1, Reps 1 Freelancer or How to be an effective H&S rep, and been updated on the system via the Education team, they can be added to any additional Level 2 courses: <https://bectu.org.uk/training-for-reps/#level2>

If the rep wants accreditation and to represent members in personal cases they will need to complete Reps 2 (Handling cases) – **not available for reps who've completed Reps 1 (Freelancer).**

Reps can be added to the appropriate spreadsheet here: <https://bit.ly/Training-superheroes>

Once six reps are added, the official should set up the training and assist the dedicated officer to deliver this training whenever possible and label the spreadsheet accordingly. The Education team will pick up and train any requests that can't be met by the divisional staff.

The reps are sent **Reps 2 Template Letter 1** to ascertain interest and commitment and dates.

The interested reps are then offered training dates.

The course resources (including **Reps 1 Template Letter 2**, homework sheets, pre-reading and Zoom link) are sent out two weeks before: <https://bectu.org.uk/course-resources-bectu>

Reps attend the course and complete two homework sheets to be marked by tutors before the next session. Guidance and homework sheets are provided on the **tutor resource page**. Reps also complete **action plan** following the course.

The tutor sends feedback and completed homework sheets to education@prospect.org.uk. Education then sends tutor feedback to the official with **follow-up sheet/action plan** for guidance.

The official returns the tutor feedback (if they have set up/delivered training).

Education will share all Level 2 course tutor feedback from NEP training sessions with the relevant official, who must complete a follow-up with their new case handler and advise Education when they are happy for them to be signed off and accredited.

Education then centrally update the records for individual reps. These will be added as case handlers on the system and Reps 2 case handling added to their training record. All other courses will be updated and titles amended in line with the official's request.

New case handlers who have completed both **Reps 1 and Reps 2** will then receive their **accreditation letters**.
